Tolling of the Boats Memorial Service

1500-1700 Presidio III, IV, V Room

Everyone is encouraged to attend the memorial.

The U.S. Submarine Veterans of World War II originally established the "Tolling for the Boats" ceremony. It is a unique and time-honored memorial service and is in keeping with the finest traditions of the Navy. Custom has established that this ceremony is formal, and it honors the memory of those submariners who lost their lives in the line of duty, especially the majority who perished during World War II. In the ceremony, the names of each of the U.S. submarines lost, along with the fate of its crew, are read aloud as a ship's bell is tolled for each. The tolling of the bell reminds us of the debt of gratitude we owe to both our departed shipmates and to those in active service, who guard our country, while serving silently under the sea.
